The Friends committee has nominated the **project of nursery bench purchase with funds raised from donations this year**. With 80,000 tubestock required annually in order to meet our orders and community sales, our volunteers need an efficient and safe workplace. We wish to purchase up to 20 benches (\$270 each) to raise all plants off the ground to limit the amount of bending and lifting required as well as assisting us to maintain healthy plant stock. Any donation toward the benches will be greatly appreciated.
